EXPERIENCE

UI Designer / ExtraContrib (Part time)

May 2023 – Nov 2024, (1 year 6 month)

- Designed projects from scratch.
- Created UI kits and graphic assets for social media campaigns.
- Collaborated directly with the owner to meet business needs.

UI/UX Designer / Dev.Pro

Jun 2022 – Oct 2022, (4 month)

- Worked on the design of new functionality.
- Designed Service Blueprint diagram.
- Created internal library.

Product Designer / Scallium

Jan 2021 – Apr 2022, (1 year 3 month)

- I participated in workshops, conducted usability testing and interview, created clickable prototypes and UI design, established a Design System.
- Worked closely with the product owner, stakeholders, sales team, and developers.

UI/UX Designer / Axon Development Group

Mar 2019 – Oct 2020, (1 year 7 month)

- I took part in many diverse projects such as insurance, online education, food delivery, and much more.
- Created designs for new projects and updated existing ones.
- Responsible for user flow, sitemaps, clickable prototypes, responsive design, mobile apps, delivering UI guidelines and assets to developers.

Junior UI/UX Designer / Fex.net

Mar 2018 – Dec 2018, (10 month)

- I worked on: prototyping, concept creation, complete design layouts for web, mobile, desktop applications, and adaptation of layouts for different devices.
- Made banners and infographic design for social networks.
